

Sprint Report 1 - CMPS 115 – Lost@Cruz

The sprint report must contain the following elements:

- **Heading:** Sprint 1 Report, Lost@Cruz, Team Found, October 22, 2024

- **Actions to stop doing:** Our team is satisfied with the actions that we are currently doing, including meeting at least twice a week and constantly communicating on Discord as well. We also follow merge request procedures to properly merge our work together. Along with that, the team is active on Discord to answer questions.

- **Actions to start doing:** Our team should add comments to the code that we are working on, especially since there are so many pages in the directory. We should also keep our repository clean and delete the branches once we are done working on them. Team members should actively communicate with each other if they are working on the same task to keep each other updated and avoid duplicate work.

- **Actions to keep doing:** Our team should continue communicating with each other on Discord and meet at least twice a week to update each other on their work progress. Along with that, we should also keep our Sprint plan updated so story points can be updated properly.

- **Work completed/not completed:**

Completed User Stories:

- (Priority 1) As a person who has lost an item, I would like to create a posting to inform others of my item. [Points: 13]
- (Priority 3) As a person with a post, I want to be able to be contacted by others to get the item to its owner [Points: 2]

Partially Completed User Stories:

- (Priority 1) As a person with a lost item, I want to be able to see a list of uploaded lost items [Points: 13]
 - This user story had one task that carried over to Sprint 2

- **Work completion rate:**

- User Stories: 2
- Estimated idea work hours completed during the prior sprint: 25 hours
- Total number of days during the prior sprint: 14 days
