

# Lost@Cruz - Team Working Agreements and Standards

Team Lost@Cruz  
December 03, 2024

## Team Working Agreements:

1. All team members must check Discord daily
2. Weekly Zoom stand-up meetings on Tuesdays and Thursdays at 5:00 pm
3. At least one team member must review each pull request before merging
4. Complete the assigned website feature by the end of the sprint

## Definition(s) of Done:

### 1. Feature Implementation:

- Feature functionality is implemented and meets all acceptance criteria.

### 2. Code Review:

- Code is written, peer-reviewed by at least one team member, and successfully merged into the main branch.

### 3. Bug Fixes:

- All bugs are reproducible, identified, and resolved.

### 4. Deployment:

- The feature is deployed to the staging environment without any errors.

### 5. Documentation:

- All relevant documentation for the feature is updated.

## Style Guides:

### 1. Formatting:

- a. Use spaces or tabs consistently
- b. Keep line length under 80 characters

### 2. Naming Conventions:

- a. Consistent variable and class names

### **3. Commenting:**

- a. Use meaningful comments to explain the code's purpose
- b. Well documentation of input/output details

### **4. Best Practices:**

- a. Avoid global variables
- b. Write modular, reusable code
